ABOUT

WE READ THE ROOM. *Then we take it higher.*

DOSO B2B MEHRAD

Keep the first two letters of each name and the 2 from b2b. DO2ME is said "do to me", as in "do it to me": what the music does to you.

DO2ME reads the room, finds its pulse and takes it **somewhere it didn't know it could go.**

DO2ME is DOSO and Mehrad, two friends who have played back to back since they were 13. They don't show up with a set. They show up with a feel for the room. The first records find the crowd's temperature, the next ones match it, and from there the night only climbs. A warm-up stays a warm-up until the floor is ready, and a peak-time slot gets the full weight of their tech house.

They have shared the booth with The Martinez Brothers, Seth Troxler, San Pacho, Paco Osuna and many more, and hold residencies at Bauhaus Houston, Quack Circle and the Layali after-hours. Founded in Houston, now playing Houston and Miami. DOSO also produces, and his unreleased tracks run through their sets.

Book them for the slot. They will play to the room, and the room will remember it.
